- Web Technologies: HTML5, CSS3, Javascript, Node.js
- Development Tools: Dev C++, Visual Studio Code, VI
- Operating Systems: Windows, Linux

Relevant Coursework

- Object Oriented
- Programming
- Web Development
- Operating Systems
- Software Engineering

Soft Skills

- Report preparation and writing skills.
- Organizational and analytical skills.
- Multitasking
- Proactive and works to meet deadlines
- Decision making and negotiation skills

Academic Background

Bachelor of Software Engineering

Multimedia University Of Kenya
2022- Current

Kenya Certificate of Secondary Education

Friends School Kamusinga
2018 - 2022
A

Study Experience

Cloud Computing Program

May- August 2024
The Ajira E-Mobilis AWS Academy
Obtained AWS Certified Cloud Practitioner

Skills Gained

-Setting up EC2 instances, VPCs, Elastic Load Balancing,
Traffic Routing via AWS Route 53, AWS Databases, Storage
Services, Docker.

Software Engineering Programme

The Power Learn Project Africa Scholarship
August - December 2024

Skills Gained

Web Development
Databases
Entrepreneurship Skills

Huawei Cybersecurity Program

June-July 2023
Obtained HCIA Security Certification.

Skills Gained

-Team work
-Project planning
-Firewall configuration
-Network topologies and Subnetting
